

Register for Mobon

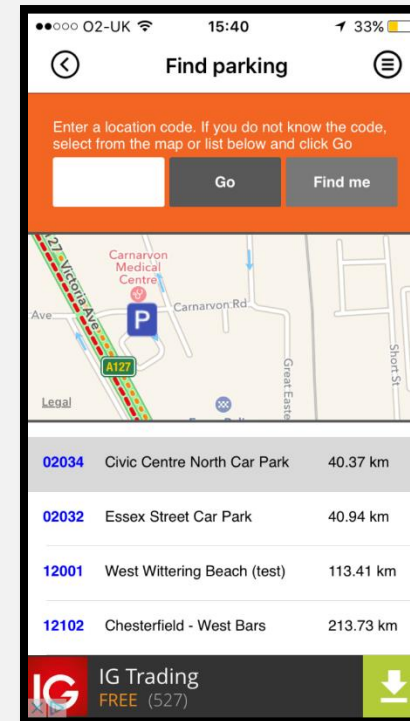

Download the Mobon app
for iPhone or Android

Click on the Sign up button
and complete the form
entering your mobile, email
and choose a password

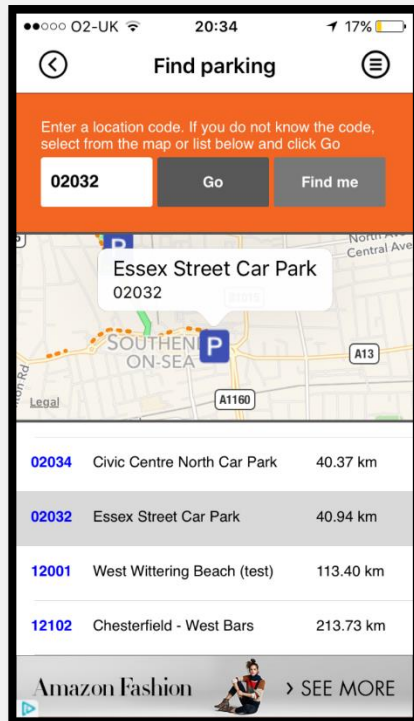

Once registered the
customer is presented with
the Find Parking screen
ready to book a session

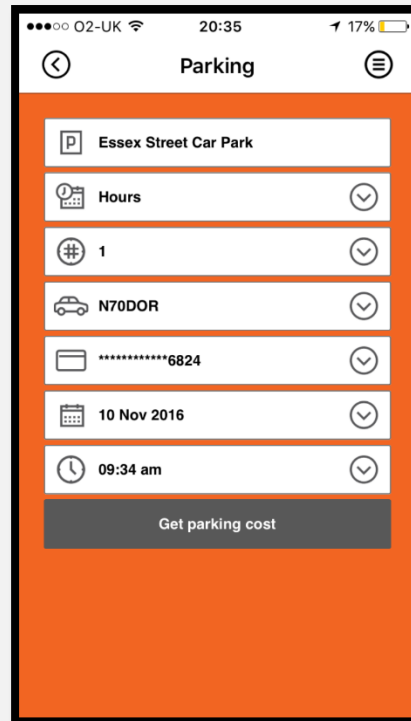

Book a parking session

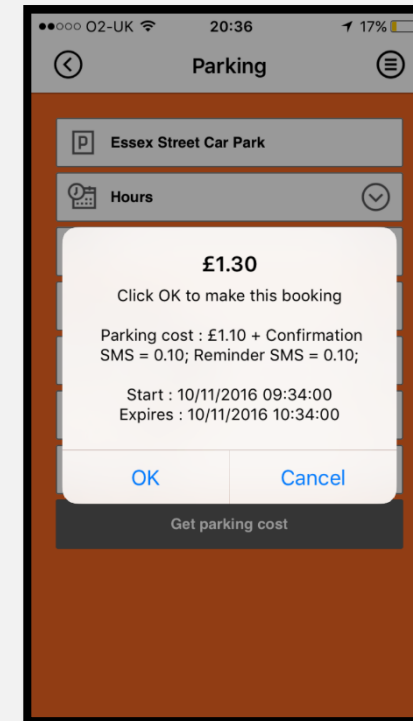

Specify the parking location, either type the code into the box or select from the list and then click Go

Specify the duration, the vehicle, the payment card and time to book for, and click Get Parking Cost

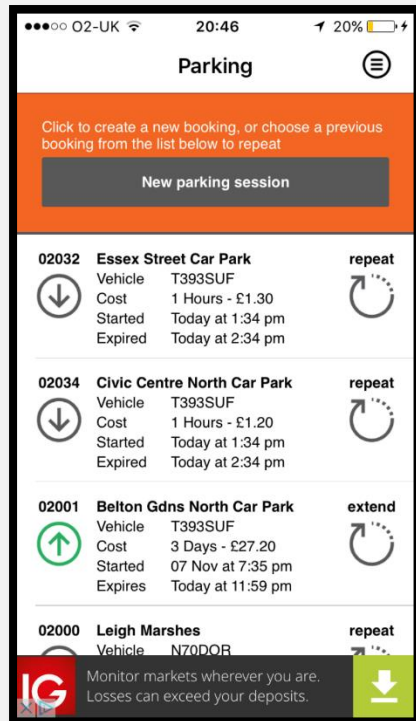

The cost with start and expiry dates will be provided. To confirm the payment, click OK

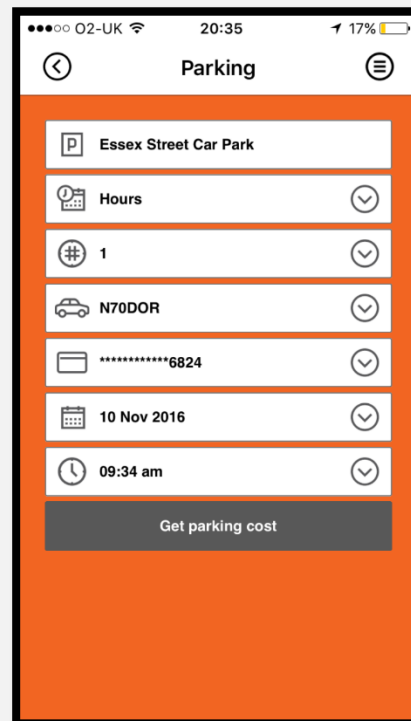

Repeating and extending bookings

View your previous bookings and click on a specific booking to repeat or extend that session

The booking form will pre-select the same options as your previous booking to review and book again

The cost with start and expiry dates will be provided. To confirm the payment, click OK
