Section 3 - Definition of Commercial Type Vehicles and access with Trailers

What is a 'commercial type' vehicle? 'Commercial type' vehicles are defined as; one with no rear seats and/or no rear windows and/or have an open back, or a back which is separate from the main cab area (closed cab pick-ups). Vehicles falling into any of the above categories are required to complete and submit a Household Waste Declaration Form. Drivers are still required to show a valid driving licence or a current Council Tax bill at the entrance in addition to submitting a completed Form.

Do I have to fill in a form for access with a trailer? Only Cars and 4x4’s may bring in a trailer; if the load bed is less than 1.8m (6ft) long a form is not required. If the load bed is between 1.8m and 3m (approx 6ft and 10ft) in length a form must be completed for the trailer. Trailers with a load bed over 3m (approx 10ft) are not permitted access to either HWRC. Please note: There is a further restriction on when certain 'commercial type' vehicles may visit the HWRCs see front of this form for details.
