

Roundabout Sponsorship

Roundabout sponsorship delivers a range of key benefits and provides value for money. We are committed to making Southend on Sea an attractive place to live, work and visit as part of our Make Southend Sparkle campaign.

Why sponsor?

Southend on Sea is a densely populated urban area and has 33 roundabouts which are available for sponsorship. The benefit of sponsoring one or any number of these spaces raises public awareness of your business and therefore gaining a valuable reputation for benefiting your local community. Your brand will be seen by thousands of motorists using the roads 24 hours a day, 365 days a year.

Your sponsorship supports Make Southend Sparkle which is a not-for-profit organisation run by a committee of volunteers. One of the aims of Southend In Bloom is to encourage all Southend residents, schools and business owners to take pride in our town and surroundings and to clean up and 'green' the local area.. Your sponsorship will demonstrate that your business is putting something back into the community.
