The Privacy Notice below explains how we use information about you and how we protect your privacy.

We have a Data Protection Officer who makes sure we respect your rights and follow the law. If you have any concerns or questions about how we look after your personal information, please contact the Data Protection Officer at [Dataprotection@southend.gov.uk](mailto:Dataprotection@southend.gov.uk) or by calling 01702 215000 and asking to speak to the Data Protection Officer.

## What personal information do we collect

Personal information can be any information which relates to a living individual who can be identified from it. This can include information that when put together with other information can then identify a person.

## Why do we need your personal information?

We need your information to process your application for a dropped kerb.

## How much information are we collecting about you?

We will only collect the personal information that we require in order to carry out the processing of your application and any other tasks related to this.

## Who might we share your information with?

We appreciate you have provided your information to us and may not want us to share it with others. However sometimes it is necessary for us to do so.

We only share your information where we are permitted or required to by law, or where you have requested us to do so.

The personal information will be used by the Council to manage your application and can include basic contact information to be provided to the contractor undertaking any work if your application is approved and you decide to proceed with the work.

This information may also be shared with;

- External agencies like the police, fire service or other Councils
- Any person or organisation where we are required to because of a court order, legal duty or statutory obligation

Information may also be shared to ensure that we are carrying out our duty to protect the public funds

## How long do we keep your personal information?

The personal information may be retained for 6 years following the completion of your application. It will then be disposed of in line with organisational processes and protocols.

## Keeping your information secure

We make every effort to keep your information safe:

- We take appropriate care to secure the information we hold about you
- We have robust technical security such as passwords and information encryption
- We have policies and procedures to make sure your information is only available to our employees who need to see it to do their job, and we train these employees appropriately.
- We establish robust procedures and contracts to extend these protections to any other person or organisation we made need to give your information to.

## Transfer of information abroad

The majority of the personal information we store is held on systems in the UK. But there are some occasions where your information may leave the UK either in order to get to another organisation or if it is stored in a system outside of the EU.

We will have additional protections on your information if it leaves the UK ranging from secure ways of transferring information to ensuring we have a robust contract in place with that third party.

We will take all practical steps to make sure your personal information is not sent to a country that is not seen as 'safe' either by the UK or EU Governments.
