Your privacy and how we use your information

Southend-on-Sea City Council is committed to protecting your privacy when you use our services. We are the data controller, this means we control how your personal information is processed and for what purposes.

The Privacy Notice below explains how we use information about you and how we protect your privacy.

We have a Data Protection Officer who makes sure we respect your rights and follow the law. If you have any concerns or questions about how we look after your personal information, please contact the Data Protection Officer at Dataprotection@southend.gov.uk or by calling 01702 215000 and asking to speak to the Data Protection Officer.

What personal information do we collect

Personal information can be any information which relates to a living individual who can be identified from it. This can include information that when put together with other information can then identify a person.

The information we collect about you will include your vehicle registration number. If the application is for a resident permit, we need details of your address to verify your property is within a resident parking area and eligible for a permit. We ask you for proof of residence and your vehicle/insurance documents to verify this for audit purposes.

If you contact us to provide other details or information, we may hold additional details such as email address, telephone number or other details that you may have disclosed to us.

Why do we need your information

Our legal basis for processing your personal data is Public Task, as we need your personal information to process your request for a parking permit.

How much information are we collecting about you?

We will only collect the personal information that we require in order to carry out the processing of parking permits and any other tasks related to this.

Who might we share your information with?

We appreciate that you may not wish the information we hold about you to be shared with others. However sometimes it is necessary for us to do so.

We only share your information where we are permitted or required to by law, or where you have requested us to do so.

The personal information we hold relating to parking permits will be used by the Council's parking and traffic enforcement teams and the contracted service providers who provide parking and permit services on our behalf to ensure permits are used correctly and appropriately. These services include:

- Parking enforcement contractors (e.g. civil enforcement officers, car pound operators)
- PCN and permit system suppliers
- ANPR & CCTV technology providers

This information may also be shared with:

- Credit reference and fraud prevention agencies to help prevent and detect fraud
- External agencies like the police, fire service or other Councils
- Any person or organisation where we are required to because of a court order, legal duty or statutory obligation

The Council may share information provided in your parking permit application with other organisations who are involved in the:

- administration of benefits
- prevention and detection of fraud

Information may also be shared (within the Council?) to ensure that we are carrying out our duty to protect the public funds

How long do we keep your personal information?

The personal information may be retained for 6 years following the completion of processing. It will then be disposed of in line with organisational processes and protocols.

Keeping your information secure

We make every effort to keep your information safe:

- We take appropriate care to secure the information we hold about you
- We have robust technical security such as passwords and information encryption
- We have policies and procedures to make sure your information is only available to our employees who need to see it to do their job, and we train these employees appropriately.
- We establish robust procedures and contracts to extend these protections to any other service provider/contractor/organisation we made need to give your information to.

Transfer of information abroad

The majority of the personal information we store is held on systems in the UK. But there are some occasions where your information may leave the UK either in order to get to another organisation or if it is stored in a system outside of the EU.

We will have additional protections on your information if it leaves the UK ranging from secure ways of transferring information to ensuring we have a robust contract in place with that third party.

We will take all practical steps to make sure your personal information is not sent to a country that is not seen as 'safe' either by the UK or EU Governments.

Who can you contact about your data protection rights?

At the Council you can email the Data Protection officer at dataprotection@southend.gov.uk

For independent advice about data protection, privacy and data sharing issues or to lodge a complaint about how we have handled your information you can contact the Information Commissioner's Office (ICO) at:

You can visit ico.org.uk or email casework@ico.org.uk

Alternatively, you can write or telephone:

Information Commissioner's Office Wycliffe House Water Lane Wilmslow Cheshire SK9 5AF

Tel: 0303 123 1113 (local rate) or 01625 545 745 if you prefer to use a national rate number.
