

Statement of Reasons

Proposals

On street:

Southend-on-Sea City Council intend to amend charges across all existing on-street payment parking places at various locations across the City of Southend-on-Sea, with free parking applied on Christmas day only. These proposals are following approval by Southend-on-Sea City Council Cabinet and Full Council during February 2023. This applies to all on- street pay and display charges, as well as all applicable permit type charges.

It is proposed that the chargeable period for Zone 1A will be extended, with charges applying between 8am and 9pm Monday to Sunday.

It is proposed that motorcycles be subject to the on-street parking charges in chargeable payment parking places.

An introduction of a fee for Members' parking permits and New Church Road Permits, which are currently free of charge, and the introduction of an on- and off-street Tradesperson Permit option.

Off street:

Southend-on-Sea City Council intend to amend charges across all existing off-street payment parking places at various locations with free parking being applied on Christmas day. There is also free parking applicable under the remit of one small business day per annum in car parks located within Zones 2 & 3 only. These proposals are following approval by Southend-on-Sea City Council Cabinet and Full Council during February 2023. This includes both pay and display charges as well as all applicable permit types and season ticket charges.

To introduce parking charges in Zone 3 off-street pay and display (car parks), with the exception that the first hour will be designated as free parking but chargeable after that.

To introduce new parking charges in the car parks within Parks & Open Spaces, where the first hour will be designated as free parking but chargeable after that.

It is proposed that the chargeable period for Zone 1A will be extended. Charges will apply between 8am and 9pm Monday to Sunday in Zone 1A, except for Shorefield Road Car Park and Cliffs Pavilion Car Park which will remain as Monday – Sunday 8am – 6pm.

Introduction of a number of cashless parking spaces in Baxter Avenue Car Park, whilst all other bays remain allocated for season ticket holders only.

The addition of coach parking places in Shoebury East Beach Car Park.

A change to the closing time for University Square Car Park; the shutters will close at 9pm.

It is also proposed that motorcycles be subject to the off-street parking charges in chargeable payment parking places.

An introduction of a fee for Members' parking permits, which are currently free of charge, and, introduction of an on and off-street Tradesperson Permit option.

Statement of Reasons

Reasons

The primary reason for charging for parking is to effectively manage kerb-side space and demand, in both central on-street locations and car parks as well as residential and business areas.

Effective parking management will aim to support wider transport policy objectives, ensuring that on and off-street space is used more effectively.

Additional reasons include;

- To cover the ongoing expenses incurred in maintaining and operating parking restrictions and its facilities within the City.
- To ensure that the Council continues to manage the demand for parking within the City to ensure that residents, businesses, and visitors receive the best parking service from the Council.
- Account for inflation in line with Consumer Price Index (CPI).

Effective management of parking provision is recognised as making a significant contribution to reducing congestion, whilst supporting access to residents, visitors and businesses.

Parking tariffs need to be set at a level which facilitates local use and demand and at a level which will ensure the effective management of parking provision by prioritising access to the local community and promoting a sustainable and vibrant local economy.

The provision for additional coach parking bays in off-street areas will aim to encourage visitation to the area and allow coaches to access and wait in the City of Southend-on-Sea at a safe location off the highway.

It is envisaged that the changes in tariffs will encourage people to look at alternatives to parking, such as considering more sustainable and active travel modes.

The introduction of parking charges for motorcycles will ensure a consistent approach to charges across various classes of vehicles City-wide and may assist to discourage single use trips.

The addition of a number of cashless parking spaces in Baxter Avenue Car Park, and the extension of the chargeable hours to Zone 1A, will aim to help manage high demand in this central area of the City, including the nighttime economy.

Any income generated from on-street parking charges will be utilised to effectively manage parking in the first instance. Any surplus generated by the operation of the on-street parking service is used for other improvements in traffic management, highway improvements, environmental improvements, and subsidised and concessionary transport. This is in accordance with the current legislation and associated regulations.

Legislation

Charges for on-street parking can be varied by Notice under the Road Traffic Regulation Act 1984, Section 46a and compliance with Part V, Section 25 of The Local Authorities' Traffic Orders (Procedure) (England and Wales) Regulations 1996. Due to additional changes being required for both on and off-street provisions, as set out in the proposal section of this document, an amendment Order for on-street, and separate amendment Order for off-street, will cover all changes proposed, including the increased charges element.

The specific grounds with which the Council are using for the implementation of the proposals are encompassed in Sections 1, 2, 4, 32, 35, 44, 45, 46, 46A, and 124(1)(d) and Part IV of Schedule 9 to the Road Traffic Regulation Act 1984.

In considering whether to make this Order, Southend-on-Sea City Council has had regard to all

Statement of Reasons

relevant matters including its responsibility pursuant to Section 122 of the Road Traffic Regulation Act 1984 (as amended), to secure so far as practicable the expeditious, convenient and safe movement of vehicular and other traffic (including pedestrians), and the provision of suitable and adequate parking facilities on and off the highway having regard to the matters specified in Section 122(2).

Equality Act 2010, Section 149

Consideration has been given to the equalities duty of Southend-on-Sea City Council.

Due Regard for Traffic Orders and Notices

The Southend on Sea City Council has a duty to give 'due regard to' the following three aims of the public sector equality duty (section 149 of the Equality Act 2010) during the development of the policy.

- Eliminate discrimination, harassment and victimisation and any other conduct prohibited by the ACT:
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it; and
- Foster good relations between people who share a protected characteristic

An initial assessment against each of the protected groups is provided below – any issues highlighted through the consultation process will be considered and reported at the end of the consultation period.
