

PUBLIC NOTICE

Southend-on-Sea City Council gives notice that it proposes to install two priority build outs, one of which will be used as a crossing point under Section 3 and 4 of The Highways (Traffic Calming) Regulations 1999.

It is proposed to install two traffic-calming priority buildouts on New Road, near its junction with Hadleigh Road, designed to physically narrow the carriageway and create two single-lane sections. One buildout will be positioned adjacent to the footbridge crossing on the south side, improving visibility and reducing the crossing width. The second buildout is planned approximately 70 metres west of the crossing on the north side of the road.

These measures are expected to reduce vehicle speeds and enhance pedestrian safety.

A copy of the Notice and designs/plans showing the affected roads may be inspected:

- on the Council's website using the following link: <https://www.southend.gov.uk/tro> under the heading 'Public Notices/Consultations'.
- at the Civic Centre Reception (address below) during normal office hours.

Any comments to the proposals, together with the grounds on which they are made, must no later than 18th May 2026, including reference PTO1327 – New Road to be sent:

- to TraffWeb@southend.gov.uk (via email), or;
- in writing to the Traffic Management Team and/or the Project Delivery Team (Infrastructure and Environment) at the address below.

All written representations are public documents that may be inspected by any person on demand.

Dated: 27th April 2026
